A Message From Your Teachers...

Wow! We are already about half way through the school year. It is important our scholars continue to push and work as hard as possible. We appreciate the support you give to our village. Let's continue to work together to help our scholars excel and reach their full potential!

Teacher Spotlight!

Everyone meet our most recent Teacher of the Month, Ms. Soistman!

I love to travel, watch HGTV, be around my family and friends, and teach of course! I have always wanted to be a teacher, I even used to set up my bedroom as a classroom and teach my little sister! I went to college at Central Connecticut State University and received my bachelors in Elementary Education with a focus in math. I have taught Kindergarten for 2 years and absolutely loved it. Now I teach 3rd grade Mathematics at SCCS, which is a dream come true for me. I grew up in CT, got married in California, and moved to North Carolina shortly after getting married. I have loved being here ever since and I am excited for my future here! It feels amazing to know I am exactly where I should be, and I absolutely love coming to work to teach my beautiful babies each day.

UPCOMING DATES

ACADEMICS TIPS AND FOCUS...

- Attendance is a key component is student's success.
- Following the S.T.A.R.S. school rules at all times.
- Communication between parents/guardians and teachers. Please don't ever hesitate to reach out if there are any questions or concerns!
- Completing homework with fidelity, it is practice from what is being taught in class.
- Read everyday!
